Bold Customer Display

# ER-A310

## Electronic Cash Register

*The ER-A310 makes checking out easier and more reliable. The big display and helpful functions support quick purchase verification, accurate money handling, and smooth operation for an added dimension of flexibility and confidence.*

### Large LED Display for High Visibility

The large, 10-digit LED operator display clearly shows price, total, change, and time, allowing clerks to account for their transactions. The 7-digit customer display shows exactly what is being charged to raise customer confidence.

### Easy Programming Concept

The operator is guided through simple programming tasks by the ER-A310's prompted programming. The ER-A310 presents cursor-defined options, allowing the user to simply input the information along the way. This foolproof programming method eliminates unnecessary service calls and allows the user to programme and modify the terminals simply and efficiently.

### Compact and Up-to-Date Design

The ER-A310 is ergonomically designed, giving excellent operability.

### 5 Standard Departments

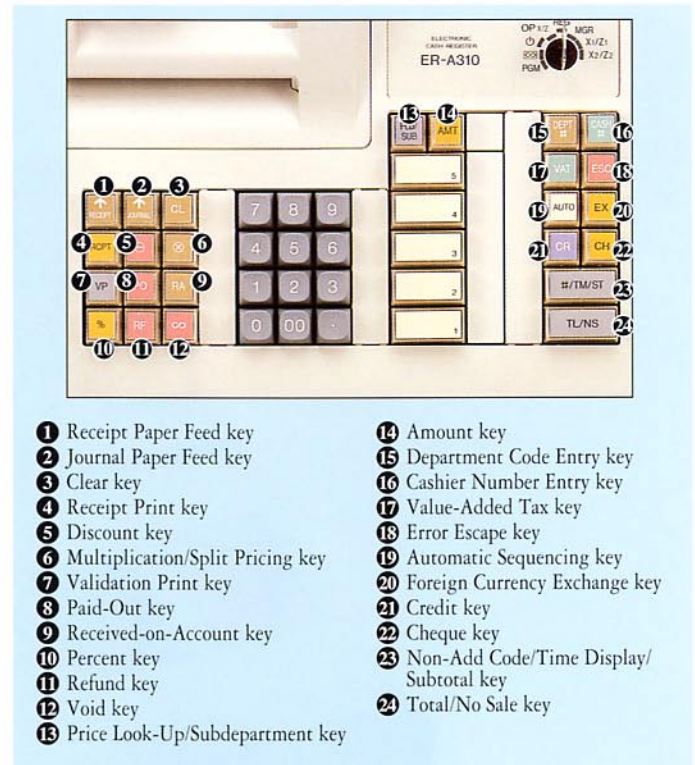

The ER-A310 is equipped with five standard departments, which are expandable to 30, for efficient sales control. They can be preset for quick unit pricing, registering positive or negative items, and fast single-item cash sales.

### 500 Standard PLUs

The 500 standard PLUs ensure pricing accuracy, ease of operation, and increased customer throughput. PLUs can also be used as subdepartments.

### High-Capacity and Small Footprint Drawer

Five compartments for bills and eight coin compartments ensure your profits are safely sorted and secured.

### Other Features

- Automatic VAT/Tax Registration
- Easy Processing of Combined Payment
- Validation Printing
- Flash Reporting
